[The Grammar of Hate](#) Jul 14 2022 Hate speech continues to be an issue of key social significance, yet while its lexical and discursive aspects have been widely studied, its grammatical traits have been hitherto overlooked. This book seeks to address this gap by bringing together a global team of scholars to explore the morphosyntactic features of hateful and aggressive discourse. Drawing on thirteen diverse cross-linguistic case studies, it reveals how hate is expressed in political discourse, slang, and social media, and towards a range of target groups relating to gender, sexual orientation, and ethnic identity. Based on ideas from functional and cognitive linguistics, each thematic part demonstrates how features such as morphology, word formation, pronoun use, and syntactic structures are manipulated for the purpose of expressing hostility and hate. An innovative approach to an age-old problem, this book is essential reading for researchers and students of hate speech and verbal aggression.

[The Grammar of Empire in Eighteenth-Century British Writing](#) Aug 15 2022 This study, first published in 2000, examines the role of language as an instrument of empire in eighteenth-century British literature.

The Grammar of Lamani Jun 01 2021

The Grammar of English Nominalizations Jan 28 2021

The Grammar of Politics and Performance Dec 15 2019 This volume brings together important work at the intersection of politics and performance studies. While the languages of theatre and performance have long been deployed by other disciplines, these are seldom deployed seriously and pursued systematically to discover the actual nature of the relationship between performance as a set of behavioural practices and the forms and the transactions of these other disciplines. This book investigates the structural similarities and features of politics and performance, which are referred to here as 'grammar', a concept which also emphasizes the common communicational base or language of these fields. In each of the chapters included in this collection, key processes of both politics and performance are identified and analyzed, demonstrating the critical and indivisible links between the fields. The book also underlines that neither politics nor performance can take place without actors who perform and spectators who receive, evaluate and react to these actions. At the heart of the project is the ambition to bring about a paradigm change, such that politics cannot be analyzed seriously without a sophisticated understanding of its performance. All the chapters here display a concrete set of events, practices, and contexts within which politics and performance are inseparable elements. This work will be of great interest to students and scholars in both International Relations and Performance Studies.

[The Grammar of Graphics](#) Feb 21 2023 Presents a unique foundation for producing almost every quantitative graphic found in scientific journals, newspapers,

statistical packages, and data visualization systems The new edition features six new chapters and has undergone substantial revision. The first edition has sold more than 2200 copies. Four color throughout.

The Grammar of Modern Hebrew Jan 20 2023 A reference book on Modern Hebrew morphology and syntax, this describes the language as it is really spoken and written in Israel today. The author pays particular attention to functional distinctions, giving equal weight to colloquial and formal usage.

The Grammar of God Aug 03 2021 "The author recalls how, after becoming very familiar with the Biblical Old Testament in its original Hebrew growing up, an encounter with an English language version led her on a ten-year project of examining various translations of the Old Testament and their histories, "--Novelist.

The Grammar Book Dec 27 2020 Everything you need to teach grammar in the primary classroom. What is the subjunctive mood? And when do you use a semi-colon? Are these questions that you, as a teacher, are afraid to ask? Cue this book! Written by two experienced teachers, The Grammar Book provides everything you need to teach grammar at primary level. Covering what you need to know as well as practical ideas to enliven your teaching, this book will make grammar fun and engaging – for both the pupils and for you too! Written in Zoë and Timothy Paramour's funny, frank and reassuring style, this definitive guide is all about the importance of teaching grammar as a tool for writing, not as an 'extra' and certainly not as a boring lesson. Instead, the ideas presented are linked to a range of National Curriculum units, with original short texts through which the teaching of grammar is used to support the delivery of the wider English curriculum and prepare children for Spelling, Punctuation and Grammar (SPaG) assessments. All teaching resources can also be downloaded from the companion website. Each chapter covers a different element of grammar and provides you with everything you need to know as well as teaching ideas, cross-curricular links and resources, making The Grammar Book a must-have resource for teaching grammar effectively at primary level.

The Grammar of Pattern Jan 16 2020 The Grammar of Pattern describes characteristics of textile and other surface patterns, and identifies, illustrates, and reviews a wide range of pattern types including spotted, striped, checked, tessellating and other types of all-over patterns with original drawings and images. This book includes original black-and-white line drawings and color images. The modular nature of patterns is explored, and attention is focused on the vast diversity of pattern types which can emerge from a small inventory of components. The book features material that is easily accessible with obvious mathematical content kept to a minimum and offers fresh perspectives on the nature of tessellating and other all-over patterns. This book serves as an effective practical guide for both students and professionals. Select sample exercises and student assignments are included, making this an ideal course text for teachers engaged across the full range of design education.

A Grammar of the Latin Language May 20 2020 Excerpt from A Grammar of the Latin Language: On the Basis of the Grammar of Dr. Alexander Adam, of Edinburgh In the First Conjugation, Second, Third, Fourth, Irregular and Defective verbs. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. The Teacher's Grammar of English with Answers Jan 08 2022 "The Teacher's grammar of English enables English language teachers and teachers-in-training to fully understand and effectively teach English grammar. With comprehensive presentation of form, meaning, and usage, along with practical exercises and advice on teaching difficult structures, it is both a complete grammar course and an essential reference text."--Back cover.

The Grammar of Ornament Feb 15 2020 A unique encyclopedic survey of decorative styles from around the world and across the centuries. Includes over 100 lavish full color plates.

Reading Images Oct 17 2022 This third edition of the landmark textbook Reading Images builds on its reputation as the first systematic and comprehensive account of the grammar of visual design. Drawing on an enormous range of examples from children's drawings to textbook illustrations, photo-journalism to fine art, as well as three-dimensional forms such as sculpture and toys, the authors examine the ways in which images communicate meaning. Features of this fully updated third edition include: new material on diagrams and data visualization a new approach to the theory of 'modality' a discussion of how images and their uses have changed since the first edition examples from a wide range of digital media including websites, social media, I-phone interfaces and computer games ideas on the future of visual communication. Reading Images presents a detailed outline of the 'grammar' of visual design, for instance on colour, perspective, framing and composition; and in that it provides the reader with an invaluable 'tool-kit' for reading images in their contemporary multimodal settings. A must for students and scholars of communication,

linguistics, media studies and the arts.

Introduction to the Grammar of English Apr 30 2021 Written for students without knowledge of linguistics and unfamiliar with "traditional" grammar, this text concentrates on providing a much needed foundation in Standard English in preparation for more advanced work in theoretical linguistics.

Grammar of Poetry Nov 06 2021

GRAMMAR OF ENGLISH GRAMMARS W/ Nov 25 2020 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Grammar of Meaning Dec 19 2022 This study addresses a range of central topics in Anglo-American philosophy of language.

Aspects of the Grammar of Focus in English Oct 25 2020

The Grammar of Discourse Oct 05 2021

The Grammar of Discourse Mar 30 2021 In that *The Anatomy of Speech Notions* (1976) was the precursor to *The Grammar of Discourse* (1983), this revision embodies a third "edition" of some of the material that is found here. The original intent of the 1976 volume was to construct a hierarchical arrangement of notional categories, which find surface realization in the grammatical constructions of the various languages of the world. The idea was to marshal the categories that every analyst-regardless of theoretical bent-had to take account of as cognitive entities. The volume began with a couple of chapters on what was then popularly known as "case grammar," then expanded upward and downward to include other notional categories on other levels. Chapters on discourse, monologue, and dialogue were buried in the center of the volume. In the 1983 volume, the chapters on monologue and dialogue discourse were moved to the fore of the book and the chapters on case grammar were made less prominent; the volume was then renamed *The Grammar of Discourse*. The current revision features more clearly than its predecessors the intersection of discourse and pragmatic concerns with grammatical structures on various levels. It retains and expands much of the former material but includes new material reflecting current advances in such topics as salience clines for discourse, rhetorical relations, paragraph structures, transitivity, ergativity, agency hierarchy, and word order typologies.

"The" Grammar of English Grammars Apr 18 2020

A Grammar of Akabea Jul 02 2021 This volume is the first extensive and reliable grammatical description of any traditional language of the Great Andamanese family. Akabea died out in the 1920s, but was extensively documented in the late nineteenth century by two British administrators, Edward Horace Man and Maurice Vidal Portman. Although neither was a trained linguist, their material nonetheless provides a sufficient basis for a reliable analysis of Akabea grammar, especially its morphology and its phrasal and clausal syntax, although there are inevitable limitations on our understanding of Akabea phonology, clause combining, and discourse structure. The grammar is accompanied by an online appendix that provides a diplomatic edition with commentary and analysis of the single most valuable resource for Akabea grammatical analysis, Portman's Dialogues. Raoul Zamponi and Bernard Comrie's *Grammar of Akabea* offers a unique insight into the culture, history, and prehistory of the Andaman Islands, and also broadens our understanding of the human capacity for language. It highlights the typologically interesting and cross-linguistically rare traits of the language, such as a rich system of somatic (body-part) prefixes and the phenomenon of Verb Root Ellipsis, whereby under certain circumstances the root of a verb may be absent, leaving behind a grammatical word consisting solely of affixes. The project at last makes this valuable evidence accessible both to linguists and to interested scholars from other disciplines, such as anthropology, history, and genetics.

The Grammar of Science Nov 18 2022 *The Grammar of Science*, originally published in 1892, was considered an essential read by budding young scientists like Albert Einstein. Pearson's work contributed to Einstein's greatest discoveries by introducing him to the ideas of relativity of motion, equivalence between matter and energy, and the concept of antimatter. Pearson opens his book with a definition and discussion of science itself, detailing what is required for inquiries to be scientific in nature. He then moves on to discuss space and time, motion, matter, and the future of scientific progress. Professionals and students alike will be fascinated by Pearson's insight into the nature of reality. British professor KARL PEARSON (1857-1936) worked at University College in London. He invented mathematical

statistics and formed the Department of Applied Statistics at the University of London. He wrote many books and papers, including a biography of Francis Galton, a proponent of eugenics, and studies on evolution.

Grammar of the Shot Mar 10 2022 Learn how to use the basic “grammar” of making films and videos in *Grammar of the Shot!* This book shows you in no uncertain terms what you absolutely need to know to put together your own film or video, shot by shot. Whether you are just learning how to frame a shot or if you just need a refresher, this book gives you a basic toolkit of how to build a successful visual story that flows smoothly. *Grammar of the Shot* begins with an explanation of the essential visual language of filmmaking—the book takes you from the basic shape of a shot, to different types of shots, to composition of visual elements within each frame. You will be given the basic building blocks essential for successful shot lighting, screen direction, 3D elements, camera movement, and many general practices that make for a richer, multi-layered visual presentation. Most importantly, you will be given crucial background information to expand your visual vocabulary and help jumpstart your career in film and video. Designed as an easy-to-use reference, each topic is covered succinctly and is accompanied by clear photographs and diagrams that illustrate the key concepts presented in the book. Simple, elegant, and easy to use, *Grammar of the Shot* is a staple of any filmmaker's library. Don't miss the companion volume, *Grammar of the Edit!* (9780240521206) * A simple and clear overview of the principles of shooting...timeless information that will improve your work * Designed as a quick reference: each topic covered in an illustrated two-page spread * Together with its companion volume *Grammar of the Edit*, these little books are all the beginning filmmaker needs

An Introduction to the Grammar of English Apr 11 2022 This textbook introduces basic concepts of grammar in a format which should encourage readers to use linguistic arguments. It focuses on syntactic analysis and evidence. It also looks at sociolinguistic and historical reasons behind prescriptive rules.

The Grammar of English Grammars Mar 18 2020

The Grammar of Painting and Engraving Jun 20 2020

The Communicative Grammar of English Workbook Oct 13 2019 The companion text to *A Communicative Grammar of English (CGE)*, this workbook presents an opportunity for practising the points raised in the main grammar. The units follow the order of sections in Part One and Part Two of CGE; at the beginning of each sub-unit there is a brief explanation of a particular structure followed by a series of tasks, ranging from gap filling exercises to rewrite assignments and conversational passages in which the student is invited to participate. With authentic material and a variety of different task types graded by difficulty, this is an indispensable resource for teachers and advanced students with a good grounding in the grammar of the language.

One hundred questions and exercises on the grammar of the French language Jul 22 2020

Elements of Greek Grammar, Taken Chiefly from the Grammar of Caspar Frederick Hackenberg Sep 04 2021

The Grammar of Romanian Jun 13 2022 This book is the first comprehensive grammar in English of present-day standard Romanian. It is an indispensable resource for Romance linguists, from advanced undergraduate level and above.

The grammar of southern English Feb 26 2021

The Grammar of Fantasy Sep 16 2022 A collection of essays from the visionary storyteller Gianni Rodari about fairy tales and folk tales and their great advantages in teaching creative storytelling. "Rodari grasped children's need to play with life's rules by using the grammar of their own imaginations. They must be encouraged to question, challenge, destroy, mock, eliminate, generate, and reproduce their own language and meanings through stories that will enable them to narrate their own lives." --Jack Zipes "I hope this small book," writes renowned children's author Gianni Rodari, "can be useful for all those people who believe it is necessary for the imagination to have a place in education; for all those who trust in the creativity of children; and for all those who know the liberating value of the word." Full of ideas, glosses on fairytales, stories, and wide-ranging activities, including the fantastic binomial, this book changed how creative arts were taught in Italian schools. Translated into English by acclaimed children's historian Jack Zipes and illustrated for the first time ever by Matthew Forsythe, this edition of *The Grammar of Fantasy* is one to live with and return to for its humor, intelligence, and truly deep understanding of children. A groundbreaking pedagogical work that is also a handbook for writers of all ages and kinds, *The Grammar of Fantasy* gives each of us a playful, practical path to finding our own voice through the power of storytelling. Gianni Rodari (1920-1980) grew up in Northern Italy and wrote hundreds of stories, poems, and songs for children. In 1960, he collaborated with the Education Cooperation Movement to develop exercises to encourage children's creative and critical thinking abilities. Jack Zipes is a renowned children's historian and folklorist who has written, translated, and edited dozens of books on fairytales. He is a professor at the University of Minnesota. Matthew Forsythe lives in Montreal where he draws and paints for picture books, comics, and animations.

The Grammar of Ornament... Nov 13 2019 Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Grammar of Ornament Feb 09 2022

The Grammar of English Etymology Aug 23 2020

Grammar of Witchcraft Dec 07 2021 In this collection of poems and Mini-Sagas, Parry narrates the final journey taken by Caliban from a lesbian wedding in Liverpool, back to a London which doesn't exist. Along the way, concepts of Saxon Witchcraft, Radical Traditionalism and English ethnicity are discussed as the author unfolds his vision of an endlessly benevolent Spirit world.

The Grammar of Interactional Language May 12 2022 A cutting-edge work, this book analyses the grammar of interactional language with a focus on discourse markers and their typology.

A Grammar of Yoruba Sep 23 2020 A descriptive grammar of Yoruba, a major West African language spoken by over twelve million people, first published in 1966.
